Purpose: Raise Awareness / Open Market Buying

ION Energy Ltd. (ION: TSX-V) is Mongolia's emerging leader in lithium exploration and development. ION Energy is well poised to play a strong role, as the world embarks upon the third wave of the clean energy revolution. The Company has one of the largest exploration, and first lithium brine licence ever granted in Mongolia. The company is led by a management team with a proven track record in mining exploration and development, with strong in-country expertise. ION Energy has embarked on an aggressive growth strategy: trading commenced on the TSX-V in August 2020, and a fully-funded exploration program has just been launched on its Baavhai Uul Lithium Brine Project.

Investor Bullet Points

- **Proven In-Country Team.** Proven track record. Strong social license to operate and strong shareholder base.
- **Strong Exploration Position.** With one of the largest exploration licenses in Mongolia, ION Energy is poised to become a significant player in Asia's booming Lithium market. Exploration efforts are now underway.
- **Strategic Advantage Vs. Peers.** Mongolia is a low-cost year-round operating environment. Early work indicates shallow aquifers. Gobi desert is an arid environment with high evaporation rates.
- **Aggressive Growth Strategy.** ION is now fully funded to commence an aggressive growth strategy for the remainder of the year.
